Career Quest – Stepping Stones

Teacher Guide

A fun, interactive career exploration game for K–6 students using SkillPointe.com

Objective

Students follow a path of “stepping stones” on the game board, completing career exploration tasks as they go. The goal is to reach the Career Reflection Zone, having identified at least one career path and next steps toward it.

Teacher Setup Materials:

- Printed Career Quest board (poster-size for group play or letter-size for individuals)
- Game pieces (buttons, tokens, mini-erasers, etc.)
- Rolling number cubes or spinner
- Career Quest tracking sheet (for notes/reflections)
- Internet-enabled devices (1 per student or team)
- Small rewards for bonus spaces (optional)

Preparation:

- Place the board(s) on tables or project it on the screen.
- Distribute tracking sheets and game pieces.
- Ensure students can access [SkillPointe.com](https://www.skillpointe.com).
- Decide if students will play individually, in pairs, or in teams.
